PRODUCT DESCRIPTION

Designer: Atelier Oi

Artemide Vitruvio Floor Lamp

Designed by Atelier Oi, the Vitruvio Floor Lamp is a refined luminaire that merges mechanical intelligence with ornamental design. The lamp is crafted through an ingenious mechanism inspired by the art of clockmaking, resulting in a metal frame that opens and supports the glass sphere. The blown glass shade features embossed horizontal stripes to reduce glare from the light source within.

The Vitruvio Floor Lamp is available in two finishes: brass with a transparent glass shade, and black with a smoked glass shade. Its ornate appearance, combined with the soft, diffused lighting produced, makes the Vitruvio an elegant lighting solution for shared living spaces such as a living room or dining room. Display with the **Vitruvio Pendant** for a cohesive theme that adds a sense of balance to the room.
