PRODUCT DESCRIPTION

Designer: Julie Fuillet

Rosalie LED Wall Light by DCW éditions

Designed by Julie Fuillet, the Rosalie wall light is a luxurious and elegant fixture, made from aluminium with a gorgeous gold finish. The wall lamp has a sculptural form, featuring enveloping and curved lines that create a simple yet refined aesthetic. The light source reflects off the back and through the top and the bottom to create a warm ambience whilst also casting shadows, combining night and day.

The Rosalie wall lamp can be used in both domestic and professional settings, alone or in multiple to suit your needs. The chic gold finish adds a touch of exquisiteness to any interior and the opulent design will attract the eye.
