PRODUCT DESCRIPTION

Designer: Sofie Refer

Liila Ceiling / Wall Light by Nuura

The Liila 1 wall and ceiling light was designed by Sofie Refer, who encapsulates Nordic minimalism with a globe shade made of glass on a metal structure. A simple light, the Liila 1 can be installed on walls and ceilings, ensuring a versatile and functional lighting solution. The rounded shade also creates an elegant look, being useful in many settings.

The Liila 1 ceiling/wall lamp is available in two sizes, small or large, and in 6 colours with two different glass shades, both of which provide different lighting effects. The optic clear shade refracts the light, creating an exposed glow that casts beautiful shadows. The opal white shade conceals the light source for a diffused glow, which is warming and more traditional. The wall and ceiling lamp also has an IP44 rating, so it can be used in wet rooms and bathrooms.

Please note: This Liila Ceiling / Wall Light is also available in a smaller size with a diameter of Ø14.9cm. Please contact us for more information.

PRODUCT SPECIFICATION

Light Source:	1 x max 7W G9 LED (excluded)
IP Code:	44
Dimming:	Dimmable via mains phase dimming
Dimensions:	**Medium** Ø16.5cm shade 17cm depth Ø10.3cm base **Large** Ø24.5cm shade 23cm depth Ø14cm base
