PRODUCT DESCRIPTION

Designer: Gonzalo Mila

Tanit LED Portable Light by Bover

The Tanit portable light is a natural and organic-looking lamp that features a chic woven design. The LED light source sits in the top of the structure and is protected and diffused to create a soft and atmospheric glow. The portable lamp has a bohemian aesthetic and will add a touch of style to any interior.

The Tanit portable lamp comes equipped with **two silicone handles** in terracotta and chocolate brown which you can choose between and change as you see fit. The Tanit can be carried around and used anywhere, being truly versatile and efficient. The portable lamp also has a dimmer switch, stepping between three light intensities. A charger cable is included in the purchase, with the lamp lasting for 20 hours when fully charged and on the lowest light intensity. A wonderful choice for homes, commercial spaces and hospitality venues.
