SkLO Elizabeth 1 Profile 3 Pendant

The SkLO Elizabeth 1 Pendant combines glass shapes with ornate brass detailing for a sculptural luminaire with intricate detailing. Available in three glass colour combinations, White/ Smoke, Light Beige/ Olivin, and Pastel Green/ Pine Tree Green, the Elizabeth 1 combines an opaque ellipsoid diffuser with an outer transparent glass dome. The glass shapes are suspended from a brass stem, available in Antique Brass, Brushed Brass, Dark Oxidised, Brushed Nickel, and Polished Nickel. The brass stem transitions into an ornate profile, available in five options, adding to the pendant's decorative aesthetic.

When switched on, the opaque diffuser softens the light into a warm glow that gently illuminates the glass dome. This soft lighting adds a comforting ambience to spaces that call for a decorative touch, such as bedrooms, dining rooms, and living areas. Display the pendant on its own or in a cluster to create an attractive focal point. Due to the handcrafted nature of the glass, minor variations may occur from piece to piece. This is part of SkLO’s design intent and celebrates the beauty of handblown glass.

Please note, the images show the Elizabeth 1 Profile 3. Four additional profiles are available; see specification image for details.

The Elizabeth 1 Pendant includes SkLO’s field-adjustable Standard Stem Kit. A field-adjustable Extended Stem Kit is available at an additional cost. See specifications for kit details. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source:	1 x Max 7W G9 LED (Included)
