PRODUCT DESCRIPTION

Designer: IDEO

Moooi Pallana LED Suspension

Designed by IDEO, the Moooi Pallana Suspension is a versatile lighting solution that will 'support you in the balancing act that is daily life'. When designing Pallana, IDEO imagined basic shapes that were mechanically joined, yet barely touching. The assortment of shapes creates a dynamic and adaptable design, making it a playful task light. The six circular LED light sources can be adjusted to a position that suits your requirements and the surrounding environment. Angled downwards, they create a direct task light, while positioning them towards the ceiling creates an indirect illumination.

The Moooi Pallana LED Suspension is available in two muted colours, which complement a wide range of interior styles and colour palettes. The dim-to-warm functionality allows users to control the colour temperature and light intensity simultaneously. The Pallana is a spectacular addition to both residential and commercial settings. Display above dining areas, in large lobbies and in shared workspaces or offices for an impactful installation.

Compatible with the Moooi wireless dimming switch, enabling you to have full control through a Bluetooth-enabled dimming device. Purchased separately. Please contact us for more information.

PRODUCT SPECIFICATION

Light Source:	58W, 3000K, 3800 Lumens
IP Code:	20
Dimming:	Dimmable via Dali dimming systems / push to make switch dimming. Please consult your electrician, additional wiring may be required on site. Also dimmable via a Moooi wireless dimming switch, purchased separately.
Dimensions:	Length: 151cm Width: 48cm Height: 9cm Drop Height: 400cm
