PRODUCT DESCRIPTION

Designer: Arne Jacobsen

Louis Poulsen AJ Wall Light

Originally designed in 1960 by Jacobsen for the SAS Royal Hotel in Copenhagen, today the Louis Poulsen AJ Wall Light has iconic status. The AJ Wall Light is striking yet not imposing; it has a swivelling shade and sculptural design. The diffuser creates a focused beam of light with very little glare, the perfect way to illuminate reading desks and kitchens alike, and the shade is painted white on the inside to ensure a soft, comfortable light.

True to Scandinavian style, this wall light features a cable and plug which requires a nearby power socket. AJ can also be supplied as a hard-wired version, able to be wired directly into your wall by a qualified electrician. Louis Poulsen is honouring Arne Jacobsen and celebrating his iconic design with a new and dynamic colour universe for the popular **AJ Collection**. The new colour palette is taken from colours used within Jacobsen's watercolour paintings.

PRODUCT SPECIFICATION

Light Source: 1 x Max 5W E14 LED (Excluded)

IP Code: 20

Dimming: Integrated on/off switch on the product.

Dimensions: Height: 18cm
Shade Length: 24.7cm
Depth: 31.8cm
Wall Base: Ø9cm

Cable Length (Cable & Plug Version): 240cm
