## PRODUCT DESCRIPTION

**Designer:** Bernhard Osann

### Nemo Lighting Fox LED Floor Lamp

The Fox Floor Lamp is a versatile reading light designed by Bernhard Osann. With a maximum height of 228cm and a depth of 180cm, it provides a functional overhead light. The body and spotlight are adjustable, allowing users to direct light precisely where required, while a honeycomb filter diffuses light into a comfortable yet functional glow. The light output can be easily adjusted using the in-line dimmer on the cable to create the perfect ambience to suit any mood.

The Fox Floor Lamp boasts a slender profile, meaning that, despite its generous proportions, it remains unobtrusive while maintaining a sense of visual lightness. Available in four finishes: black, white, titan grey, and gold, the Fox suits contemporary interiors, adding a sculptural presence and practical lighting to living rooms, studies, galleries, and libraries.
