PRODUCT DESCRIPTION

Designer: Bertjan Pot

Moooi NR2 LED Floor Lamp

Designed by Bertjan Pot, the Moooi NR2 Floor Lamp is a modern and stylish light that would be at home in any contemporary interior. The lattice pattern of the shade doesn't create a visual block and helps the NR2 maintain its light appearance. When illuminated, the woven fibreglass threads cast a captivating glow into the room. A polished steel stand supports the oval-shaped shade, giving it a sleek and uncluttered profile.

The NR2 Floor Lamp is suitable for any interior, either domestic or commercial, and can be installed on its own or with the **NR2 Pendant** to create a larger, captivating display. A dimmer is included on the cable, allowing you to control the brightness to suit your requirements. The warm, welcoming glow from the integrated LED makes the NR2 Floor Lamp perfect beside a sofa in a living room or to provide a pleasant ambience in a bedroom.
