PRODUCT DESCRIPTION

Aquina Wall Light by Astro

The Aquina wall light is a simple yet beautiful lamp which is ideally used in bathrooms for an elegant and modern look. The wall lamp is made from glass, with a transparent outer shade which exposes a gorgeous white glass diffuser which conceals the light bulb for a warm glow. The shade is held by a chic metal structure which adds a contemporary aesthetic.

The Aquina wall lamp is available in a polished chrome or matt black finish, perfect for use in a wide variety of settings. Ideally used in zones 2 and 3 of bathrooms, the wall light can be installed to provide either an upward or downward illumination that also diffuses outwards. Suitable for ambience and tasks, the Aquina is excellent for installing around and next to mirrors and sinks.
