PRODUCT DESCRIPTION

Designer: Bønnelycke MDD

Design For The People Pure Wall Light

The Pure wall light was designed by Bønnelycke MDD as a simple yet charming fixture, having a sleek lampshade and wooden top. The silhouette of the shade is slimline, being made out of metal for a contemporary look. The shade then tapers upwards with a wonderful wooden top which is made from FSC oiled walnut tree wood.

The Pure wall lamp comes in a black, grey or white colour and also has a little brass arm which is adjustable. The wall light emits an effective flow of light which can be directed where you need. You can use beside a bed, in your lounge, in your kitchen and many more for ambient, directional lighting.

Please note, this wall lamp comes with both a cable and plug which can also be taken off to hard-wire into the mains. If using the cable and plug, install near a socket and if hard-wiring, please consult your electrician.

PRODUCT SPECIFICATION

Light Source:	1 x Max 8W GU10 (excluded)
