PRODUCT DESCRIPTION

Designer: Studio 0405

HAY Apollo Table Lamp

The Apollo table lamp is a stunning and organic expression of opal glass and how it can be molded and illuminated to form these elegant table lamps. Studio 0405 describes the opal glass formation as 'creating a distinct tulip-formed silhouette, each base is slightly different in size and shape, bringing a unique, one-of-a-kind quality to every product'. The opal glass also adds a warming and calming touch to your space as the opal glass creates an ambient glow when illuminated.

Ideal for bedside tables, workspaces, windowsills, and anywhere in need of a simple designer touch. The Apollo table is a versatile and minimalist table lamp perfect for any home or commercial space.
