PRODUCT DESCRIPTION

Designer: Joe Colombo

Oluce Mini Coupe 2201 Table Lamp

The Mini Coupe table lamp is the smaller version of the [Coupe 2202 Table Light](#), a lamp which was originally designed in 1967 by Joe Colombo. The designer developed the Coupe silhouette by taking the stem and base from his popular [Spider Table Lamp](#), retaining the stem in a chrome finish and a base colour-matched to the lampshade. This shade also moves up and down the stem, allowing for adjustable lighting to focus the illumination where you need it.

The Mini Coupe table light features a rounded shade that can be tilted and also features a subtle line on the top which allows the light to beautifully escape. Perfect for tables, side tables and desks, this table lamp will add a vintage touch whilst utilising modern technology.

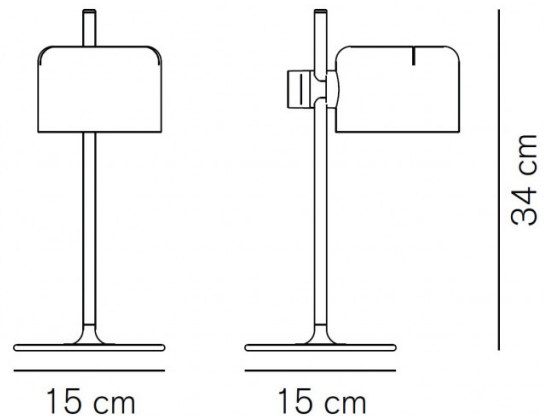

PRODUCT SPECIFICATION

Light Source: 1x Max 3W, G9 LED (included)
