Design For The People Stay Wall Light

The Stay Wall Light is an incredible multi functional light source that is perfect for next to your bed or sofa. The lamp boasts a flexible shade, making it easy for you to direct the light in whichever direction is best suited for your environment. The integrated LED produces a warm white light that can be easily adjusted using the built in touch dimmer.

The wall lamp, designed by Maria Bernsten also includes a practical storage shelf underneath the light source that can hold up to 500g, a perfect spot for you to rest your phone or your drink. This built in table also encompasses a USB port, making it possible to conveniently charge your phone, laptop or other appliance whilst utilising the light.

The Stay Wall Light is a must have for your next to your bed, in a reading corner or in your lounge, a practical addition to almost any room whilst casting a soft glow on your surroundings.
