PRODUCT DESCRIPTION

Designer: AC Studio

Aromas Del Campo Cot Floor Lamp

Designed by AC Studio in 2018, Aromas Cot Floor Lamp utilises a tripod style body, which provides a stable but unique silhouette. The body of this floor lamp is crafted from walnut wood, with steel details, resulting in a rustic element within a classic design. The Cot Floor Lamp shade is made from cotton and actively diffuses the light source, this ensures a gentle output that provides a warm ambient glow, perfect as a reading light.

The Aromas Cot Floor Lamp features a built in dimmer on the cable, which helps you to further personalise the lighting output and adjust the ambience depending on the needs of you and the environment. Cot is a beautiful addition to a range of interiors, it can be utilised in both classic and contemporary settings to add a rustic charm to your space. Whether used for residential or commercial settings Cot is guaranteed to turn heads. Perfect for living areas, bedrooms and commercial settings such as restaurants, bars or hotels.
