PRODUCT DESCRIPTION

Designer: Joan Gaspar

Roc Outdoor Wall Light by Marset

A temptation to the senses, Marset Roc resembles a block of ice with its pressed glass diffuser. Small yet bright enough to stand out, the Roc IP65 is the perfect wall light for outdoor settings, stairs, and entrances as well as indoor areas including bathrooms. Its IP65 rating allows you to install it in bathroom zones 1,2 and 3.

The glass diffuser blurs out the light source, and Gaspar has managed to design the Roc so that it can both light up its surroundings, as well as create a warm and welcoming ambience. The Roc wall light is also dimmable (Triac) allowing you to adjust the light's intensity and create the perfect atmosphere.

The Roc LED Outdoor Wall Light can also be supplied with Dali dimming upon request. Please [contact us](#) for more information.

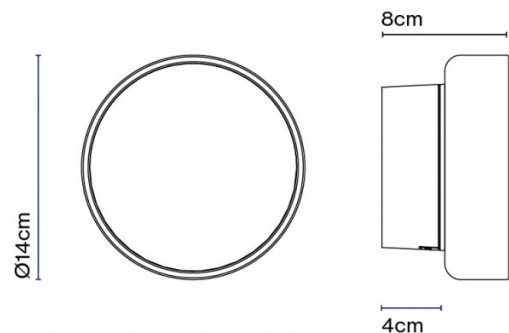

PRODUCT SPECIFICATION

Light Source: 8W, 2700K, 571 lumens

IP Code: 65

Dimming: Dimmable via Triac dimming.

Dimensions: Ø 14cm
8cm depth
