PRODUCT DESCRIPTION

Lea Pendant by Arturo Alvarez

The Lea pendant, designed by Rafa Alonso, combines experimentation and handcrafted art. This new design for Arturo Alvarez is a poetic work of art by Alonso; created for a space where his students could dream and be inspired. According to the designer, Lea represents a metaphor for how his students view their teacher: a light guiding them and showing them the way.

Another fine example of Arturo Alvarez utilising Painted stainless steel mesh to create this intricate shade for the Lea Pendant light. Available in a white finish, the Lea emits a diffused soft light and creates a warm and calming ambience in any space.
