PRODUCT DESCRIPTION

Designer: Bertjan Pot

Moooi Heracleum III Endless Suspension

Designed by Bertjan Pot, the **Heracleum Collection** by Moooi was inspired by a ‘blossom of branches’ that are growing out of reach. The Endless version multiplies by the meter with two types of connectors. This allows the structure to become a limitless line of fairytale-esque, beautiful decorative lighting.

The Heracleum 'leaves' are not frozen in one position and can be freely re-positioned by rotating them around their stem, making it truly customisable. Heracleum includes 45 LEDs, which are very efficient while providing unique and sparkling illumination. The unparalleled beauty and customizable lighting experience make Heracleum Endless well-suited for all contemporary home designs. In commercial spaces, use the Heracleum III to line the length of long bars or tables to create a welcoming and cosy atmosphere. The mesmerising structure is available in 3 colourways: white, copper, or nickel.

Please Note: the Moooi Heracleum III Endless is supplied as a single pendant. These suspensions can be combined to create an 'endless' installation.

PRODUCT SPECIFICATION

Light Source:	16W, 2600K, 1180 Lumens
IP Code:	20
