PRODUCT DESCRIPTION

Designer: Cervellieri Di Lorenzo Montini

Oluce Calamaio LED Table Lamp

Oluce Calamaio LED Table Lamp is the perfect desk companion, featuring a design that combines extreme minimalism and freedom of movement. Calamaio was designed by the infamous Cervellieri De Lorenzo Montini in 2023. The structure consists of two cylindrical stems that are connected to a round base via an adjustable sphere. Thoughtfully designed, the LED light source is positioned at the end of the lamp, creating a pinpoint light beam that can be angled to reach wherever you need it most. The adjustability of the Oluce Calamaio is what makes it such an exceptional addition to your workspace.

Calamaio LED Table Lamp is presented through bold colour finishes that add a contemporary touch to the sleek, elegant design. The Oluce Calamaio LED Table Lamp is a modern-looking, flexible task light that promotes user interaction.
