Arturo Alvarez LED Bold Pendant

The Arturo Alvarez Bold pendant was designed and created by design company Le Mamba. The pendant was designed to showcase the flowing blend of a sphere into an oval with a seamless transition. The two geometric shapes moulded together result in an organic and natural transition. The Bold pendant is a statement piece that adds personality to any space, whether it be a home or a contract space. It is expertly crafted using triple opal glass and durable aluminium materials.

The Bold Pendant is available in an opal-white glass finish with a matte black aluminium base which is attached to two fine-wired cables. The minimalist pendant looks stunning above a kitchen or dining table for a modern and muted look.
