PRODUCT DESCRIPTION

Designer: Arturo Alvarez

Arturo Alvarez Ura 204 Pendant

Arturo Alvarez designed the Ura 204 pendant to have a unique shape formed by folding techniques applied during the handcrafting process. The shade is made from painted stainless steel mesh and suspended from the ceiling by a 150cm cable. The intricate folds of the shade allow light to permeate through while also creating a visually satisfying pattern that will decorate your walls and floors.

Arturo Alvarez is a Spanish lighting design company that designs original structures which are carefully hand-crafted by experts. The Ura family includes a floor lamp, three pendants and a table lamp. The Ura pendants can be hung together in a cluster or individually in any residential or commercial setting.
