PRODUCT DESCRIPTION

Designer: Michael Anastassiades

Flos Coordinates Floor Lamp

The Flos Coordinates Floor Lamp was designed by Michael Anastassiades for Flos and utilises his usual elegant geometric form and clean lines. It was originally designed for the legendary Four Seasons restaurant in New York and consists of two poles, vertically positioned and which can be oriented during installation. The two poles are attached to the round base, with a cover made of anodised aluminium. The lamps' anodised champagne or argent finish gives the lamp a chic finishing touch, guaranteed to match any interior decor. A clean design, stripped down to the basic elements needed to provide a delicate ambience in your home or business.

The Coordinates Floor Lamp benefits from an integrated LED light source, with an on/off switch and dimmer located on the cable. The dimmer allows you to adjust the lights' brightness, from 10 to 100%. This floor light can be used in both residential and commercial interior settings and can be placed facing into the room for a more direct illumination, or towards the wall for a reflected indirect glow.

PRODUCT SPECIFICATION

Light Source:	57W, 2700K, 3240 Lumens
IP Code:	20
Dimming:	In-line dimmer included on the cable.
Dimensions:	Height: 200cm Width: 6.1cm Base: Ø38cm Cable Length: 260cm
