PRODUCT DESCRIPTION

Designer: Franco Albini

Nemo lighting Albin AM4C Pendant

The Albin AM4C Pendant was created by Italian designer, Franco Albini. The pendant was inspired by the rationalistic philosophy of the Milanese architect. The design of the shade is originally from 1969, which incorporates linear forms with strong quality materials, such as hand-blown glass and steel. This one-of-a-kind shade is the perfect minimalist pendant which can be hung alone or in clusters over a kitchen island for a luxury feel.

AM4C pendant is sophisticated and refined which is ideal for any residential home or the pendant could also be hung in a commercial setting such as a bar or restaurant. The shade has a diameter of Ø 40cm which creates the perfect ambient glow.
