PRODUCT DESCRIPTION

Designer: Marc Sadler

Foscarini Twiggy Floor Lamp

The Twiggy Floor Lamp is a vibrant yet sophisticated choice, comprised of a slender fishing rod-like frame which acts to suspend the shade and light emission away from its origin, making it the perfect choice for a living space. The floor lamp comes with five weights which can be used to discreetly vary the height of the stem and shade by around 20cm, varying how concentrated the light emission is.

The natural, linear aspect of the Twiggy Floor Lamp fuses perfectly with a range of different dynamic colour finishes: white, black, graphite, greige (a mix of grey and beige) and crimson. Match with other lights from the Foscarini Twiggy Collection which includes pendants, table lamps and an XL version of the floor lamp.

An additional stem set is available for the Foscarini Twiggy Floor Lamp to expand the length of the arching arm. See the specification image for more information. Please **contact us** for further information and pricing.

PRODUCT SPECIFICATION

Light Source:	3 x Max 25W E27 (excluded)
