PRODUCT DESCRIPTION

Designer: Alberto Saggia & Valerio Sommella

Fabbian Lumi Mochi Ceiling / Wall Light

With a slightly flattened diffuser, the Fabbian Lumi Mochi Ceiling/Wall Light was designed by Alberto Saggia & Valerio Sommella, who aimed for the luminaire to resemble the appearance of a Japanese rice cake "Mochi" after which the light fixture is named. The satin white blown glass diffuser produces a functional diffused illumination that is evenly dispersed thanks to the curves of the shade.

Due to the IP40 rating, the Fabbian Mochi Table Lamp can be utilised in bathrooms as long as it is placed a sufficient distance away from any water sources. This makes it a great addition to bathrooms and commercial spas, similarly, the Lumi Mochi Ceiling/Wall Light is a beautiful addition to hallways, kitchens, entryways and dressing rooms. Easily dimmable, this lighting solution allows you to personalise the ambience to exactly how you wish.

PRODUCT SPECIFICATION

Light Source:	**Small:** 1 x Max 60W G9 LED (excluded) **Medium & Large:** 1 x Max 150W E27 LED (excluded)
