PRODUCT DESCRIPTION

Designer: Arturo Alvarez

Arturo Alvarez Blossom LED Table Lamp

Arturo Alvarez Blossom LED Table Lamp was designed by Arturo Alvarez. He used his signature stainless steel mesh technique which he has used on many of his other structures. The Blossom is a positive, aesthetically pleasing design which can be positioned on a side table. The delicate and fleeting table lamp is an object which blooms open at the top and is held together at the base. Blossom is intended to create an elegant glow in all atmospheres.

The Blossom LED Table Lamp is available in two colourways: white and multi-coloured. The multicoloured option changes colour depending on the observer's angle and point of view creating a kaleidoscopic effect. The table lamp is available in one standard asymmetrical shape which appears different from all angles.

PRODUCT SPECIFICATION

Light Source: 7W, 2700K, 850 Lumens

IP Code: 20

Dimming: In line on/off switch on cable

Dimensions: Height: 64cm
Depth: 23cm
