PRODUCT DESCRIPTION

Designer: Joan Gaspar

Marset Aura Plus Dimmable Wall Light

Brand New, boxed in original packaging.

5 x Translucent.

2 x Transparent Smoked.

The Marset Aura Plus LED Wall Light was designed by Joan Gaspar after he was inspired by a glass carafe that kickstarted the design process for this delicate wall light. The blown glass shade is available in four finishes which are Translucent, Opal, Transparent smoked, and Copper. All of these finishes create a different effect with the diffused light. The coloured glass shades bathe the wall in a unique light that characterises the beautiful simplicity of the design.

The designer, Joan Gaspar, pairs the delicate glass shades with the integrated LED light source which represents the emotional yet contemporary inspiration behind the design. The Aura Plus is a stunning design that is just as striking turned off as it is turned on and would suit any interior. Aura Plus is available as a non-dimmable or dimmable option, depending on whether you choose a canopy or not.
