HAY Nelson Cigar Crisscross Bubble Pendant

HAY Nelson Cigar Crisscross Bubble Pendant was designed by George Nelson. This American designer utilised his innovative thinking and creative problem-solving skills to design the Cigar Crisscross Bubble Pendant after he found a set of Swedish silk-covered lights which happened to be unavailable. Featuring Nelson's famous webbing polymer material for the shade which is held together with a steel-wire skeleton inside to hold the shape.

Nelson Cigar Crisscross Bubble Pendant is available in two different sizes: small and medium, and suspended from a 300cm cable, this pendant is perfect in both a residential and commercial setting. [HAY Nelson Bubble collection](#) consists of several different shaped pendants and a wall light.
