Kartell La Boheme Vase Stool

Philippe Starck once again brings his creative genius and mixes it with Kartell's technology. This is the La Boheme 3, the small version. La Boheme 2 and La Boheme 3 are designs that approach the classic vase shape by emphasising on their different attributes; a curvy shape and functional use. Kartell utilised an exclusive technology for the first time to create the transparent stools with a shape that immediately strikes the eye.

La Boheme is a multifunctional and versatile design, it can be used as a stool or small side table, in the living room, the kitchen, the garden or balcony. The stool is available in 3 colour options, transparent/crystal, red or violet. Their striking colours makes them ideal for a creative decoration or when you wish to personalise any space.
