PRODUCT DESCRIPTION

Designer: Miguel Milá

Santa & Cole Estadio Triple Support Suspension

'Estadio' translates to Stadium in English, which hints to the original home of this luminaire; the Santa & Cole Estadio Triple Support Suspension was originally designed by Miguel Mila for the 1992 Barcelona Olympic Games Stadium. The design is reminiscent of medieval chandeliers which would host numerous candles, found in castles and cathedrals. The Estadio Suspension is made of a powerful metal ring and textured glass blocks, which produce a softly diffused light and result in beautiful shadows that are cast across your room.

These modern and elegant chandeliers are crafted from raw materials, and were granted the nickname 'ring of light'. Estadio Suspension Light is available in three different sizes, and is perfect for large spaces and high ceilings. Ideal for commercial environments in both the hospitality and professional settings. Also available as a [Singular Support Suspension](#).

PRODUCT SPECIFICATION
