Valentine Suspension by Moooi

The Valentine suspended lamp was designed by Marcel Wanders for Dutch lighting and furniture manufacturer, Moooi. The Valentine brings that sparkle missing from any interior, bringing love in the air and a warm glow. The suspension is made of metal plated shade and has a crystal, blown glass diffuser with a unique floral pattern; visible mainly from below. The light resembles somewhat a car's headlight, but with a bouquet of flowers on the glass. The light is diffused through the glass, and reflected from the mirrored interior surface. Valentine is a designer lighting, guaranteed to be an eye catcher in any setting. The light is available in three finish options, black, chrome or gold with a matching canopy. With a 36 cm diameter, the Valentine is also available in a smaller version, the [Valentine Baby](#).

The [Valentine Collection](#) also includes the Valentine Flat, with a disk shaped light and the Valentine table lamp. All Valentine lights are available in black, chrome or gold finish options, featuring the floral glass.
