PRODUCT DESCRIPTION

Innermost MNM Pendant Light

The Innermost MNM pendant light is a modern fabric lampshade that uses a familiar design with a subtle difference. This results in a design that has a refreshing asymmetric silhouette with contemporary angles and lines that bring it into modern interior design. Innermost describe this simple alteration of a known design as 'MnM is the proof that you only need to alter one part of a known formula to have a unique recipe'.

The geometric design allows this pendant light to be placed as a cluster or as a singular statement light. The bright colour palette also brings a statement bold pop of colour to your space. Place the MNM pendant in a hallway, staircase, or living room to make an impact in your home or commercial space.
