PRODUCT DESCRIPTION

Designer: Arne Jacobsen

Bellevue AJ9 Wall Lamp by &Tradition

The Bellevue Wall Lamp is part of &Tradition's reissue of Arne Jacobsen's iconic Bellevue collection.

Designed for Jacobsen's 1929 'House of the Future' exhibition, Bellevue combines a classical approach to style with a typically modernist preoccupation with functionality. The result is a wall lamp which is as attractive as it is practical, a unique cut-off shade, spun from a single sheet of metal, attached to the wall by an adjustable stem, a light untarnished by complication.

Bellevue is an ideal solution for bedside lighting in both homes and hotels, and for creating a comfortable atmosphere in restaurant booths and high-end retail environments. For more inspiration, see the other members of the Bellevue family, the [AJ7 Floor Lamp](#) and [AJ8 Table Lamp](#).

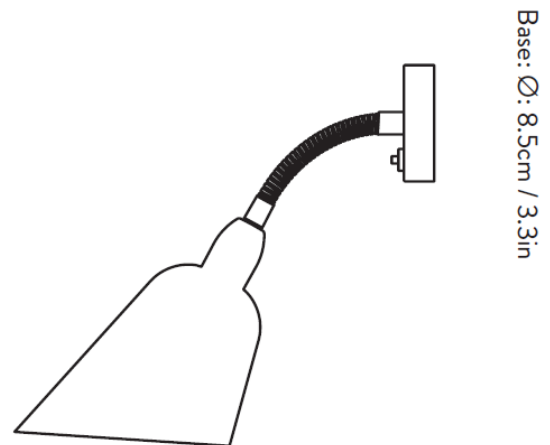

PRODUCT SPECIFICATION

Light Source: 1 x Max 25W E14 (excluded)

IP Code: 20

Dimming: Integrated on/off switch on the product.

Dimensions: Shade: Ø16.7cm
Depth: 28cm
Width: 16.5cm
Height: 30cm
Wall Plate: Ø8.5cm
Cable Length: 2m

Lamp: D: 28cm / 11in

AJ9
