PRODUCT DESCRIPTION

Designer: Gio Ponti

Fato by Artemide

Designed by Gio Ponti, a famous Italian architect, product and furniture designer, artist and publisher of the previous century. The Fato lamp is made from a folded and welded metal plate, with geometrical sheets - or screens - all enclosed in a square frame. Fato creates a game of light and shadows when switched on, and the lamp can be used both as a wall light or table lamp.

Fato is both a sculptural object and light, interchanging that quality depending on use. The lamp is available in a white or gold finish, strengthening its ties to its 60s vibe.
