### PRODUCT DESCRIPTION

#### Innermost RD2SQ Pendant Light

The Innermost RD2SQ is a uniquely modern fabric shade that features a large shade opening at the bottom and a circular opening at the top. This design gives this shade an interesting curved edge that softens the light and the surroundings. This contemporary design will fit perfectly in a modern home where style and atmosphere are priority.

Available in a selection of bright and bold colours, this Innermost RD2SQ pendant light will bring a pop of excitement to any space. The diffuser at the bottom of the shade beautifully diffuses the light and gives the room a warm glare-free glow. At the top of the shade, this area is left open for light to escape and provide a stunning uplight to brighten your room.
