Innermost Cork Wide Pendant Light

SOURCE: <https://www.davidvillagelighting.co.uk/product/innermost-cork-wide-pendant-light/15448>

PRODUCT DESCRIPTION

Innermost Cork Wide Pendant Light

The Innermost Cork pendant is a demonstration of the natural beauty of cork. When illuminated from within, the cork shade highlights the array of natural colours, formations and imperfections that cork has as a material. Place this pendant in a living space, dining area, or hallway to add a soft yet impressive touch to your house or commercial space.

By using this natural material, the light is delicately diffused through the cork shade. This results in a glowing and warming light that creates a tranquil atmosphere anywhere it is placed. The patterns of light formed by the cork shade produce a unique display of light and shadows.
