PRODUCT DESCRIPTION

Designer: Enzo Catellani

Catellani & Smith Fil de Fer Pendant Light

The Fil de Fer pendant light features a dramatic shade that is beautifully backlit by an arrangement of 12 lights all highlighting the spectacular craftsmanship of the natural aluminium. Created as an experiment and placed in Catellani's workshop, the Fil de Fer pendant was admired by onlookers and created an enchanting atmosphere. This led Enzo Catellani to add the Fil de Fer to his collection as it was well-loved and is now well known. Since placed on the market, this pendant design has quickly become one of Catellani & Smith's most iconic designs. Ideal for above a dining table or as a stunning talking point in a living area or hallway, this pendant light will bring a majestic magical touch to anywhere in your home or commercial space.

The sculpted and intertwined aluminium design is available in a variety of sizes (50cm, 70cm and 100cm) and two colour finishes; aluminium or gold. For more information and prices of the larger Fil de Fer suspension lights, please [contact us](#).
