PRODUCT DESCRIPTION

Fontana Arte Lunaire LED

The Lunaire is a stunning wall and ceiling light, the lighting effect resembles that produced by an eclipse. There is a smaller outer disk, that contains the light source, is sitting on a larger slightly concave disk diffuser.

Depending on the position of the smaller disk you can create two different effects. You get backlighting when the disk is closed - pushed towards the wall - or from the inside of the disk diffuser, when the small disk is pulled forward.

By changing the position of the front disk, using the rod at the front, can immediately change the lighting effect. The size and colour options make the Lunaire a perfect choice for large areas, whether residential or contract.

PRODUCT SPECIFICATION

Light Source: 28.6W, 3000K, 3650 lumens

Dimensions: Ø 75 cm
11 cm depth
