PRODUCT DESCRIPTION

Designer: George Carwardine

Original 1227 Mini Lamp with Wall Bracket by Anglepoise

The Original 1227 Mini lamp with wall bracket has all the benefits of the Original 1227 lamp with wall bracket on a smaller scale. Part of the Anglepoise Original 1227 Mini range, this collection updates and modernises the iconic Anglepoise design by making even more compact and versatile lights.

With an adjustable shade and a 3-spring mechanism the 1227 Mini wall mounted lamp is completely directional and can be pushed in and out from the wall as you see fit, making it an easily functional and handy light. The small size means you can use this light in the more awkward or smaller spaces in your space, allowing for a nice atmospheric wall light that can be used as a loverly spotlight or reading light. Suitable for both professional and homely environments, this lamp is available in 3 timeless colours.
