PRODUCT DESCRIPTION

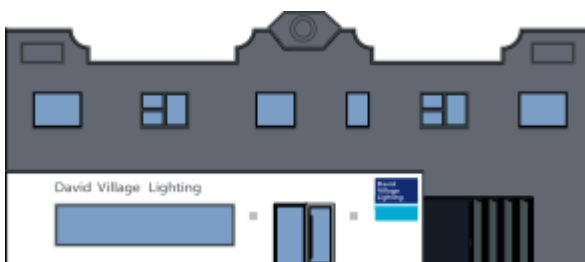

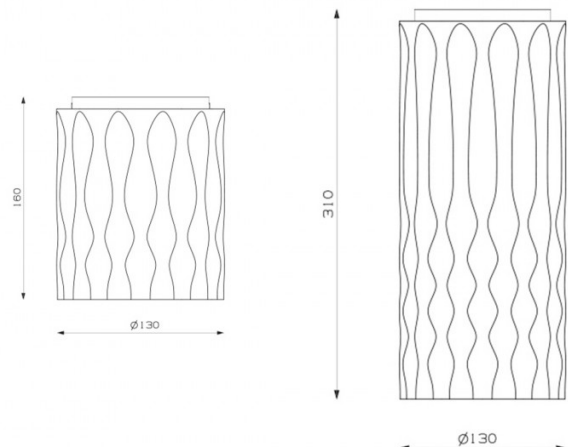

Designer: Wilmotte & Industries

Fiamma by Artemide

Fiamma, designed by Wilmotte & Industries, is a ceiling light that perfectly suits the contract sector, but easily adaptable for everyday environments. A look that attributes any space with a domestic feeling. The body of Fiamma is made from anodised aluminium and has its own texture, where look and functionality become one. A transparent diffuser controls the light emitted via the LED integrated light source. The diffuser also creates an anti-reflex texture which allows for comfort and use in any conditions. Fiamma ceiling lamp is available in two sizes (Fiamma 15 and Fiamma 30) and you select between a black or grey finish option.
