### PRODUCT DESCRIPTION

**Designer:** Héctor Serrano

### Arturo Alvarez Ballet Plié

Arturo Alvarez created the Ballet collection after extensive experimentation with stainless steel mesh. The light weight and durable material gives the Plie pendant a light weight appearance, while the shape comes from the gathering of its apexes.

Depending where you are standing the shape of the Plie changes, due to its asymmetry. The voluminous shape makes it natural and fluid, you can install the Plie on its own or combine with other Ballet pendants. You can also purchase the Ballet Composition, with all three Ballet pendants hanging from a single ceiling rose.
