PRODUCT DESCRIPTION

Designer: Davide Groppi

Davide Groppi Fosbury LED Ceiling/Floor Lamp

Davide Groppi Fosbury LED Ceiling/Floor Lamp was designed in 2014 by Groppi himself. In 2016, the Fosbury LED Ceiling/Floor Lamp was presented with the AZ Award. The Fosbury is a unique hybrid design of a floor and ceiling light in a special composition inspired by the aerial sculptures of the American sculptor Alexander Calder. An acrobatic and precarious presence illuminating any desired location using a simple wall socket.

Fosbury LED Ceiling/Floor Lamp is designed to add a touch of contemporary aesthetic to any residential or commercial space. Thoughtfully developed to utilise LED technology, Fosbury produces a direct downlight which is perfect above a dining table or reading area. Blending practicality and style, this lighting solution is a masterpiece in form and function and offers versatility for any space.
