PRODUCT DESCRIPTION

Northern Birdy Wall Short

Birdy is a table, wall and floor lamp series designed in 1952, in a modernist style. The lamp series was produced and sold by the Norwegian electricity company Sønnico (Oslo) for many years. In 1954 the table lamp, then known as "s-30016" was awarded the highly esteemed Golden Medal at the Milan triennale.

In 2013 Northern Lighting decided to re-launch this design classic, taking care to preserve the original shape and highly functional features that at first made it such a well-loved light. The lamp series is available in off-white or matt grey colour with satin nickel finish and matt black colour with brass metal finish.

True to Scandinavian style, this wall light features a cable and plug which requires a nearby power socket. Alternatively, the light can be hard-wired into the wall by a qualified electrician if preferred.

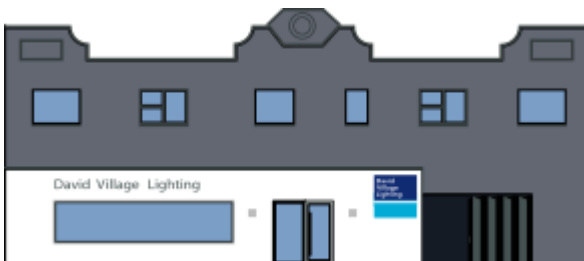

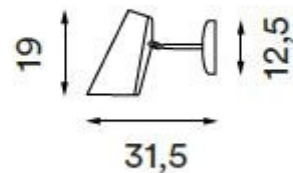

PRODUCT SPECIFICATION

Light Source: 1 x Max 11W LED E27 (excluded)

IP Code: 21

Dimming: In line on/off switch included on cable.

Dimensions: Depth: 31.5cm
Height: 19cm
Base: 12.5cm
Cable Length: 200cm
