PRODUCT DESCRIPTION

Northern Moo Wall Light

Moo is a full-scale wall-mounted Norwegian moose head light. Moo may be used for both indoor and outdoor decoration. The figuratively shaped lamp body is made of a polyresin material, that gives a smooth and transparent flow of light. The bulbs placed inside the horns add extra elements of soft, sparkling and translucent light effects to the lamp.

The inspiration behind the Moo lamp was found in northern Norway, –in the breathtaking scenery of Hamarøy, where both designers have summer houses. Here the moose are frequently seen passing close to the houses and even on the lawns. The designers hope Moo will stand out as a postmodern kitsch trophy, making the viewer smile happily as they recognize this “King of the Norwegian forest”.

PRODUCT SPECIFICATION

Light Source: Bulbs main body: 2 x Max 7W E27 (included)
Bulbs horns: 2 x Max 5.5W E14 (included)

IP Code: 44

Dimming: In line on/off switch included on cable.

Dimensions: Height: 75cm
Width: 75cm
Depth: 57cm
Cable Length: 190cm
