PRODUCT DESCRIPTION

Designer: Adriano Rachele

Slamp Clizia Ceiling/Wall

Designed by Adriano Rachele, the Slamp Clizia Wall/Ceiling Light is an awarded solution that will enrich any private or commercial premise. The absolute eye-catcher comes available in a range of colours and sizes. This Ceiling/Wall light is hand crafted from patented and recyclable Opalflex squares which resemble cut sea glass, with a stainless steel support. The product is magnetic and easy to use, allowing both assembling and the removal for cleaning.

Offering a splashing of light against the wall or ceiling, and a splash of colour to your room, Clizia Ceiling/Wall is able to diffuse the light around the entire fixture and create a soft ambience. This makes it perfect for mood lighting. The ceiling light attracts attention thanks to its uncluttered appearance yet without completely dominating the room. Clizia is a tribute to the effects of natural sunlight. The ceiling light looks like a cloud that shines brightly through the sun behind it, or like a canopy whose leaves create an effective combination of light and shade.
