Tom Dixon Melt Floor Lamp

This product is temporarily unavailable, please [contact us](#) for further information

The Tom Dixon Melt is a beautifully distorted lighting ball that creates a mesmeric melting hot blown glass effect.

Tom Dixon's Melt Floor Lamp is translucent when on and has a mirror-finish when switched off. The Melt emits an attractive, mildly hallucinogenic light and whether it is on or off it fills a room with ethereal magic.

The Tom Dixon [Melt Collection](#) also includes pendants in two sizes, multiple canopy options, a table lamp and wall lights.

On/off switch on base.
