PRODUCT DESCRIPTION

Designer: Space Copenhagen

The Gravity table lamp by Gubi is part of the [Gravity collection](#) designed by Space Copenhagen and is the embodiment of opposites in design. Combining the heavy base with an airy shade, the design uses two contrasting elements to create an elegant and classic table lamp. With the choice of a steel or marble base and a canvas or white shade in both smaller and larger sizes, you can choose whether to have a dark, stand-out light or a bright and subtle light, meaning this lamp is very versatile. The Gravity lamp is also dimmable (when using a dimmable bulb) so that you can create the exact atmosphere you want and has an ambient diffused light making it perfect for lounging areas.
