PRODUCT DESCRIPTION

Case Solid Table Lamp - Small.

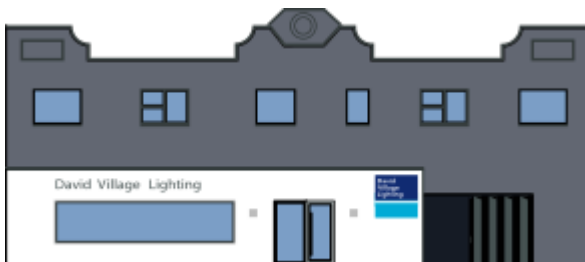

The smaller version of our classic Solid Table Light retains the same design and proportions but at two-thirds of the size. The light features a pure cylindrical base, crafted from solid fine-polished green marble, topped by a hand-blown opal glass shade which is acid-etched inside and out to provide a soft, diffused light. An integrated, state-of-the-art dimmable LED is controlled by a touch button on the marble base. As marble is a natural material the hue and veining will vary from piece to piece. The Solid Table Light - Small measures 227mm diameter, 227mm high.
