PRODUCT DESCRIPTION

Ralph LED Outdoor/Indoor Pendant Light by Panzeri

The Ralph pendant is a versatile and handy light, being able to transfer from indoors to outdoors simply and easily. The lampshade is made from a synthetic rattan, hand-woven to provide a natural and organic look that is bohemian in style. The light bulb is protected by a polycarbonate diffuser which both creates a warm, diffused glow and protects the source if used outside.

The Ralph pendant lamp is available in brown colour and in three sizes so you can find the right finish and size for your space. The material and shape of the shade mean the pendant provides a downward directed and indirect illumination, perfect for use as a main light or for over tables.

The pendant light comes with a ceiling canopy, a silicone o-ring and a hook upon purchase. The ceiling canopy can only be used for indoor installation and the silicone o-ring and hook can only be used for outdoor installation.

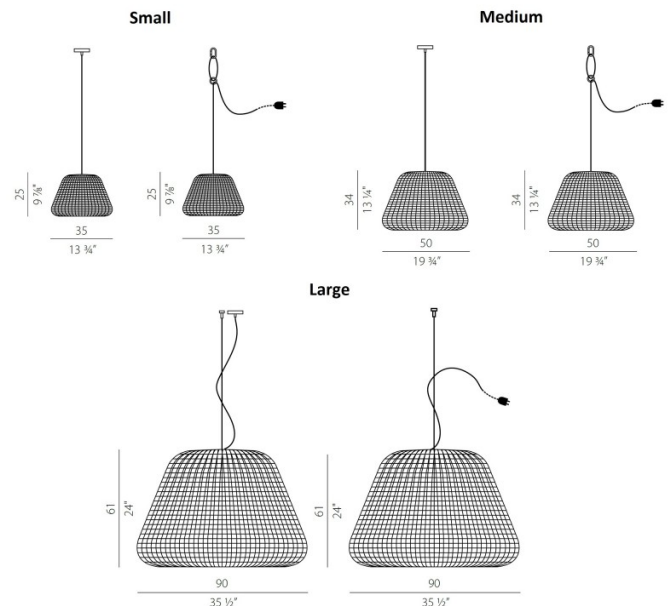

PRODUCT SPECIFICATION
