PRODUCT DESCRIPTION

Mediterranea LED Pendant Light by Petite Friture

The Mediterranea LED pendant is part of the [Petite Friture Mediterranea collection](#), a range designed by Noé Duchaufour-Lawrance after he was inspired by how laundry billows on Mediterranean balconies. The lampshade evokes this weightlessness with its folded design which is paired with a lively pattern that is perforated into the metal.

The Mediterranea pendant light has a long shape as the metal seems to be draped over a simple rod. The pendant has a modern look and is available in a brushed brass finish that will suit many types of settings. You can use this pendant light in commercial and domestic spaces and with an integrated LED light source, it will be long lasting and effective.

The Mediterranea LED pendant is also available in larger size. Please [contact](#) us for more information.
